

Ecommerce Sales Dashboard - Key Findings & Strategic Recommendations

Executive Summary

Total Revenue: **\$2.174 Million**
Units Sold: **4,964**
Customers: **500** | Products: **100** | Stores: **20**

1. Customer & Loyalty Insights

- Demographics: 262 Female, 238 Male. Old Aged Adults dominate (213 customers).
- Loyalty: Platinum leads revenue (~\$660K), Bronze severely underperforms (<\$11K).
- Gender: Females outspend males in Platinum tier by 36.7%. Females show stronger loyalty.

2. Product Performance

- Portfolio: Costly products (45%) dominate; Affordable only 12%.
- Top Seller: PROD37 (87 units). Weakest: PROD32 (24 units).
- Avg Cost: \$251 | Avg Stock: 273

3. Regional & Sales Performance

- North dominates: 64% volume, 63.5% revenue (\$1.38M).
- Peak Month: March (\$211K). Dip: May (\$146.5K).
- Strong Stores: STORE3, STORE12, STORE11, STORE18.

4. Operational Insights

- Payments: Balanced (Paypal 34.8%, Credit Card 32.9%, COD 32.3%).
- Risk: Heavy North concentration.

Strategic Recommendations

Priority	Recommendation
1	Reduce regional risk: Scale North successes to East/South
2	Optimize Loyalty: Bronze conversion programs + Female/Old Aged retention
3	Portfolio: Expand Affordable segment, review low-volume SKUs
4	Seasonal: Mitigate May dips with targeted promotions
5	Growth: Youth campaigns + premium product velocity focus

The business is strong but North-dependent. Focus on diversification, loyalty conversion, and portfolio balance for sustainable growth.
